

International Business Magazine “Eurasian Chemical Market”

Preliminary Editorial Plan for QI-QIV, 2010

QI: January №1 (37), February №2 (38), March №3 (39)

Development of Composite Materials Production as a Component of Industrial Growth

Current Situation on the Ukrainian and Russian PMMA Market

Italian Machinery Manufacturers at INTERPLASTICA

State of the Russian Polyethylene Market

Russian PET Market

The Production and Marketing of Phenol Formaldehyde Resins in Russia

State of Butyl Rubber Production and Market in the World and CIS

The Production and Market of Nitrile Butadiene Rubber in the CIS

Russia's Caprolactam Plant Celebrates its 70th Anniversary

Benzaldehyde Market in CIS

Noble Gases Production and Market in CIS

Zinc Oxide in the CIS: Production and Market

The Short Review of the Sulphur Output in CIS

Production and Market of Superphosphates in CIS

Last Trends on the Potassium Chloride Market: Analytics and Outlooks

The Production and Marketing of Lithopone in CIS

Beauty Made from Silicone

Asia Surfactants Personal & Homecare Markets conference in Shanghai

N-methylaniline Production and Market in Russia

GTL Technologies: Russian Accent

The Chemical Industry of the South Federal District of the Russian Federation

Managing the CRO Bottleneck

QII: April №4 (40), May №5 (41), June №6 (42)

The Current Situation on the Russian Polypropylene Market

The Polymers in the Russian Automotive Industry

The Russian Polymer Pipes Market

The Production and Marketing of the Geomaterials in Russia

The Mechanical Rubber Goods Market in Russia and Ukraine

The Production and Marketing of the Ethylbenzene in Russia

Isopropanol: Production and Marketing in CIS

The Dimethylsulfate Market in CIS

The Liquid Chlorine Market in CIS

The Russian and Ukrainian Market of Sodium Bicarbonate

Carbon Dioxide and Dry Ice in CIS: The Production and Consumption Review

The Production and Consumption of Thionyl Chloride in CIS

The Production and Marketing of Sodium Cyanide in CIS

The NPK Fertiliser Market in CIS

The Production and Marketing of Iron Oxide Pigments in CIS

The Russian Market of Sugar Alcohols

The Chemical Industry Review of Far Eastern Federal District of the Russian Federation

The Chemical Industry Review of Siberian Federal District of the Russian Federation

QIII: July №7 (43), August №8 (44), September №9 (45)

The Production and Marketing of Thermoplastic Elastomers in Russia

The Market of Polyethylene Wax in CIS

The Current Situation on the Russian Polyamide and Caprolactam Market

The Production and Marketing of Isomer Xylenes in CIS

The Production and Marketing of Chlorohydrocarbons C1 in CIS

The Methanol in Russia: Technologies and Marketing

The Production and Marketing of Chlorohydrocarbons C2 in CIS

The Current Situation on the Russian Caustic Soda Market

The Production and Marketing of Barium Sulfate in CIS

The Production and Marketing of Potassium Chloride in CIS

The Ukrainian Market of Powder Coatings

Ultramarine in CIS: Production and Marketing

The Production and Marketing of Metal Pigments in CIS

The Production and Marketing of Magnesia Refractories in CIS

The Review of the Chemical Production of the North-Western Federal District of the Russian Federation

The Review of the Chemical Industry of Ural Federal District of the Russian Federation

QIV: October №10 (46), November №11 (47), December №12 (48)

The Review of Production and Marketing of the Extruded Polyolefins in CIS

The Current Situation on the Russian Polystyrene and ABS Plastics

The Russian Market of the Polymer Sheets

The Production and Marketing of the Chloroprene Rubbers in CIS

The Production and Marketing of N-butanol and Isobutanol in CIS

Melamine in Russia: Technologies and Marketing

The Production and Marketing of Glycerine in CIS

The Market of Hydroquinone in CIS

The Production and Marketing of Nickel Salts in CIS

The Market of Calcium Chloride in CIS

The Production and Marketing of Ammonia Sulfate in CIS

The Ukrainian Market of Fungicides, Seed Treaters and Bactericides

The Production and Marketing of Cadmium Pigments in CIS

The Production and Marketing of Talcum Powder in CIS

The Production and Marketing of Graphite in CIS

The Review of the Chemical Industry of the Central Federal District of the Russian Federation

The Review of the Chemical Industry of the Volga Federal Districts
